REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or fairly suggest the claimed invention. The claimed invention recites a ball feeder comprising a tray having side walls that diverge away from each other along the length of the ramp from the inlet end to the outlet end, a scoop for receiving a single transverse row of balls at the outlet end of the tray, means for raising the scoop into an elevated position and wherein the scoop defines a second ramp which extends transversely to the first ramp defined by the base of the tray. The reference to Chung lacks the teaching or suggestion to replace his tray with the ramp and sidewalls as recited. The sidewalls of the ramp of Turnridge do not diverge from the inlet to the outlet as instantly claimed. Further, the specification states that the divergent sidewalls prevent wedging or bridging of the balls during their movement along the base of the tray.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven Wong whose telephone number is 571-272-4416. The examiner can normally be reached on Monday through Friday 8am-4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gene Kim can be reached on 571-272-4463. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
